Dear Good Friend, This is urgent

Please, reply only to this email smith01@sify.com

I am Mr. SMITH WASHINGTON, an orphan. I lost my parent in a car accident and since then things has never been easy for me. My late father's family took all my father's properties and left me empty handed. Also, They tried to kill me but I escaped. Before my father died, He was expecting US\$10.5M for contract he executed. I thank God that, yesterday I received a message from NATIONAL ASSOCIATION OF UNCLAIMED PROPERTY ADMISTRATORS (NAUPA) that my late father has unclaimed fund of US\$10.5m in my name as his next of kin. Visit <http://www.unclaimed.org> Some contractors/Beneficiary received their missing money already through them as you can see here <http://www.missingmoney.com/Main/SuccessStories.cfm>

So I needed a country where I can invest the money so I can reinstall. Can you assist me to receive the fund from the trust company. Is you country good Country for Investment ? I have no bank account to receive the fund. Can you help me to receive the fund ? I will compasate you with 30%. As soon as I hear from you through this my email smith01@sify.com then, I will forward more details and application form to fill and send to the trust company for the release of the consignment to you on my behalf.

Thank you,
Smith Washington.
